

BATTERY WARRANTY: Batteries and Hot Swap Battery Kit Products (North America)

Individual batteries and hot swap battery kit products (hereafter referred to as “Product”) are warranted to be free from defects in material and workmanship for **twelve (12) months** from date of shipment from AMETEK Powervar. This warranty is limited to repairing or replacing, at AMETEK Powervar’s option, any defective components only when the original Product is returned with an AMETEK Powervar Return Material Authorization (RMA) number to AMETEK Powervar or to an AMETEK Powervar designated repair facility.

Additionally, AMETEK Powervar’s warranty on batteries applies only to Products that are continuously connected to AC mains power, except during utility power outages. Products that are regularly and intentionally disconnected from AC mains power will experience battery discharge/charge cycles that are potentially far more numerous than those for which the battery was designed. As a result, Products used in such applications will experience substantially reduced battery life. Therefore, AMETEK Powervar’s standard warranty term does not apply in these cases and is supplanted by a 90-day warranty from time of shipment from AMETEK Powervar. The warranty provided by AMETEK Powervar provides for the replacement of the battery or battery systems in the event that the batteries do not meet the performance specifications as determined by AMETEK Powervar exclusively.

BATTERY DISPOSAL: Recycling Depleted Batteries

Within the U.S. - AMETEK Powervar replacement battery packs are shipped with prepaid return shipping label to AMETEK Powervar for proper recycling. Simply pack the depleted battery pack in the box and packing material the replacement pack was shipped in, seal the box and affix the return shipping label to the box. The box can be given to any FED-EX driver or call 1-800-GO FEDEX (1-800-463-3339) for the nearest FED-EX drop-off location. On-site battery replacements performed by an AMETEK Powervar approved service representative (for batteries not user replaceable) include removal from the site and disposal/recycling in accordance with EPA regulations.

Outside the U.S. - Contact your local refuse processing facility for information on battery recycling in your area.

Note: Non-warranty batteries purchased by the Customer need not be returned to AMETEK Powervar. In the case where a local disposal method, approved by local code and national regulation is available.

PARTS WARRANTY: Replacement Parts (North America)

Replacement parts (hereafter referred to as “Parts”) sold by AMETEK Powervar or used by AMETEK Powervar for Product repair are warranted to be free from defects in material and workmanship for the greater of the original Product warranty or:

- a) **Ninety (90) days** from date of shipment from AMETEK Powervar for Parts used in repairs performed by AMETEK Powervar on equipment returned to an AMETEK Powervar designated repair facility.
- b) **Ninety (90) days** from date of installation by AMETEK Powervar for Parts used in repairs performed by AMETEK Powervar on equipment at the Customer site or any non-AMETEK Powervar repair facility.
- c) **Ninety (90) days** from date of shipment from AMETEK Powervar for Parts furnished by AMETEK Powervar for installation by others.
